## Statement on the issuance of S/MIME certificates:

Issuing CAs in scope of certification are technically capable of issuing S/MIME certificates. On the request of CIBG, we performed audit procedures to confirm that ETSI TS 119 411-6 V1.1.1 (2023-08) is not applicable. This is because from the CAs in scope of certification:

- We have not observed that S/MIME certificates have been issued in the audit period
- Controls are in place to prevent the issuance of S/MIME certificates.
