RE: APS Fan model codes on EC certificate 0086-CPR-587097

Dear Mr. Wei Lee

I can confirm that the **Fantech APS Fan model codes** manufactured by Eltafantech (Malaysia) stated on EC certificate of Conformity **0086-CPR-587097** as issued by BSI (Notified Body number 0086) are linked to LCS models stated on Elta Fans Limited's EC certificate of conformity **0086-CPR-493001**.

The APS models are identical to the certified LCS models but have a different prefix for regional variations only.

Yours sincerely

Paul Whitehorn
Certification Manager
