Expiry Date: 2025-12-13

Kitemark™ Certificate

No. ETS 008

On the request of KPN B.V. (hereafter referred to as: KPN), the annual certification audit on all areas and processes was performed by BSI Group The Netherlands B.V. (John M. Keynesplein 9, 1066 EP Amsterdam, The Netherlands).

The full audit covered all applicable requirements from the audit criteria listed below (see "Audit Information") and are defined in KPN's Statement of Applicability, dated 4 September 2024 and the Overview of Applicability, dated 3 September 2024.

The scope of the assessment comprised the following Trust Service Provider component services, provided to the Netherlands Ministry of Defence, with regard to the Defensiepas:

- Certificate Generation Service
- Dissemination Service (partly);
- Revocation Management Service (partly)
- Certificate Status Service

These TSP component services are being provided for the following qualified trust services, as defined in EU Regulation 910/2014 (eIDAS):

- Issuance of qualified certificates for electronic signatures (qualified trust service), in accordance with the policy: QCP-n-qscd

Statement on the issuance of S/MIME certificates:

The issuing CA in scope of certification is technically capable of issuing S/MIME certificates. On the request of KPN, we performed audit procedures to confirm that ETSI TS 119 411-6 V1.1.1 (2023-08) is not applicable. This is because related to the CA in scope of certification:

- We observed on 4 September 2024 that the Extended Key Usage (EKU) for id-kp-emailProtection (OID: 1.3.6.1.5.5.7.3.4) has been removed from the issued certificates (the rfc822Name email address is still included),
- Controls are in place to prevent the issuance of S/MIME certificates.

Our annual certification audit was performed in September 2024. The result of the annual certification audit is that we conclude, based on the objective evidence collected during the certification audit for the period from 1 September 2023 through 31 August 2024, the areas assessed for:

- Issuance of qualified certificates for electronic signatures (qualified trust service), in accordance with the policy: QCP-n-qscd

were generally found to be effective, based on the applicable requirements defined in KPN's Statement of Applicability, dated 4 September 2024 and the Overview of Applicability, dated 3 September 2024.
