Global Security Verification Registration Number:
A22840-502509-R1

This document verifies that the named facility has voluntarily participated in the Global Security Verification program. A comprehensive supply chain security verification of the named facility was conducted by an independent third-party to determine appropriate minimum security measures, as published by the U.S. Bureau of Customs and Border Protection and other international mutually recognized supply chain security programs, are implemented and maintained throughout the facility. Specifically, this verification focused on existing processes, procedures and infrastructure related to the following areas of supply chain security:

- | | |
|---|--|
| 1. Export logistics | 6. Information Access Controls |
| 2. Physical Security | 7. Record and Documentation |
| 3. Shipment Information Controls | 8. Contractor Controls |
| 4. Personnel Security | 9. Transparency in Supply Chain |
| 5. Storage and Distribution | 10. Risk Assessment |

This independent verification of security measures was performed using a process driven approach, based on risk, which incorporates a weighted and scored data collection instrument to provide objective results on the facility's level of adherence across the ten critical supply chain security areas.
